

4 Reasons

Why it's  OK

to fail.

1. When you fail, you find out what doesn't work!
2. You can always learn something from a failure.
3. When you fail, you are one step closer to succeeding!
4. Remember, Thomas Edison tried almost 10,000 times to create the first lightbulb!

When I'm
down, I can
pause and ...
